Schedule a Meeting with an ARS Staff Member

To book a meeting with a member of ARS Staff for an Accommodations Discussion (only for students who have been invited to do this) or concerning another matter, for example if you have a general question, would like to talk about assistive technology or need help with Instructor Notifications or Test Scheduling please use the booking link below.

At this time all meetings will be held via phone or on-line through a secure web conferencing channel in our booking app. If you want to meet by phone please be sure to share your phone number with us in the dedicated field in your contact details; if your appointment is for an online meeting you will receive a link to use in the reminder you will receive.
