Priority Registration Request for Fall 2020 classes - for ARS Connected Undergraduate Students ONLY

This request form is for use by students connected with Accessibility Resources and Service only. Students not connected with ARS submitting this form will be considered to be in breach of the Honor Code.

You must request Priority Registration in order for it to be granted, Requests must be submitted each semester for the following registration term using this form. If granted Priority Registration, you will typically be allocated the first registration slot (8:00 am to 8.30am) on the day you would be assigned according to your semesters in residence.

Priority Registration can allow students to build a schedule which is sympathetic to a range of needs arising from a disability or medical condition - for example: managing medication, dealing with transitions between classes and maximizing the effectiveness of accommodations.

Applications will be vetted by the Accommodations and Modifications Committee, and those considered to be valid and justified as a reasonable accommodation will be forwarded to the Registrar's Office.

Requests must be submitted and received by 5 PM on Friday, February 21. This date is subject to change, based on the University Registrar's calendar. Requests received after that date and considered to be justified as a reasonable accommodation will be sent to the Registrar's Office, but there may be insufficient time to process the request and it may not be possible to assign a PR appointment.

First Name *
Last Name *
PID *
ONYEN *
UNC email address *
Second email address to receive form submission confirmation (for example, a parent)
What will be your UNC UG student classification in the semester for which PR is being requested? *
? First Year
? Sophomore
Thank you for your Priority Registration Petition for Fall 2020 Classes. An email with a copy of your submission will be sent to the address(es) you listed in the form. Please retain this for your records.

Please note that you must keep checking your Connect Carolina record to see if a PR appointment has been added in the days prior to your regularly assigned registration date and time. You will not see a PR registration appointment straightaway following your submission, as these are entered manually by the University Registrar's Office. You will not receive a notification from ARS or the Registrar once your appointment has been updated in ConnectCarolina.

**If you submitted a PR request but do not see an additional registration time in your Connect Carolina record 48 hours before you are due to register, please email ars@unc.edu [1], and be sure to include your PID and a copy of the email submission you received.**
