Priority Registration Request for SPRING 2022 classes - for ARS Connected Undergraduate Students ONLY

- This request form is for use by students connected with Accessibility Resources and Service only. Students not connected with ARS submitting this form will be considered to be in breach of the Honor Code.
- You must request Priority Registration in order for it to be granted, Requests must be submitted each semester for the following registration term using this form.
- Priority Registration can allow students to build a schedule which is sympathetic to a range of needs arising from a disability or medical condition - for example: managing medication, dealing with transitions between classes and maximizing the effectiveness of accommodations.
- At this time we have not been advised about the exact nature of priority registration applicable to Spring 2022.
- Valid submissions from appropriately qualified students will be forwarded to the Registrar's Office.
- Please be sure to monitor your ConnectCarolina record for priority registration appointment slots, any service indicators, holds or errors which may act as a barrier to registration; ARS does not have the administrative control required to intervene to remove or correct any such service indicators, holds or errors.

I confirm that I am connected with ARS and in receipt of accommodations *
?

Yes, I am connected with ARS and in receipt of accommodations - I understand that my ARS status will be checked
