Exploring an Evaluation for ADHD or Learning Differences

Do you wonder if you have ADHD or a learning difference that may be interfering with your academic life here at UNC? Would you like to receive a formal psycho-educational evaluation to find out? These assessments are conducted by psychologists, and students receive them off campus (UNC staff do not conduct evaluations). Some students may qualify for a scholarship to fund this formal assessment.

If you are NOT a resident of North Carolina and/or are NOT on financial aid, you will not qualify for a scholarship, and should not complete the online screening tool described below. However, you can review a list of recommended psychologists in the area who conduct psycho-educational evaluations. Please email psychoedevalfunding@unc.edu [1] to receive this list. If you’d like to better understand the evaluation process, please talk to staff at Counseling and Psychological Services (CAPS [2]), located on the 3rd floor of the James Taylor Campus Health building. Students new to CAPS or who haven’t been seen by CAPS within the month must go to a walk-in session. All other students can call to schedule a referral coordination appointment.

If you are a resident of North Carolina and receive financial aid, you may qualify for a full scholarship to fund this formal assessment. To explore that possibility, please complete the following online screening tool. Your responses will be reviewed by a committee comprised of staff from CAPS, Accessibility Resources (ARS) and the Learning Center. If the committee believes you would benefit from a psycho-educational evaluation, it will send your PID to The Office of Scholarships and Student Aid [3] to determine your eligibility for the scholarship. You will receive an email with further instructions after the review and determination is complete.

For ALL students considering an evaluation: if you need immediate support, feel free to:

- Make an appointment with an academic coach at the Learning Center [4] to work on learning, study and time-management strategies.
- Visit CAPS [2] to learn more about psycho-educational evaluations and/or to receive support around mental health concerns.
- If you complete testing and receive a diagnosis of ADHD and are looking to be treated with psychiatric medication, please contact Tracie Hyde (traciebr@email.unc.edu [5]) at CAPS for a medication evaluation.
- Make an appointment with ARS [6] to discuss options while undergoing an evaluation.

The Online Screening Tool to Determine Eligibility for the Corbitt Fund. This online screening tool consists of six sections and is only for students who are residents of NC and receive financial aid. If you do not fully complete all sections of the form as directed it will be returned and not considered for review until a complete form is submitted. If you cannot complete instructions based on a disability, please contact ARS for assistance.

Part 1 - Past Struggles: (Elementary, Middle/High School, Previous College)

Consider whether each statement about your past and current performance is true or not.

I received extra help in school/previous college, or parents sought private help outside of school. *

? True
? Not true

I had chronic difficulty with one subject or skill area. (e.g. Math, Reading, Writing, Foreign Language, Sciences, Other) *

? True
? Not true

I was always a very slow worker or reader. *

? True
? Not true

I had chronic problems paying attention, sitting still, focusing, thinking before acting, managing time and task, organizational skills. *

? True
? Not true

I required much adult support in time management and study skills before coming to UNC. *

? True
? Not true

I was previously diagnosed or received help for a behavioral or mental health issue. *

? True
? Not true

I received informal accommodations (e.g. extra time for exams and assignments, used audio books or other digital tools). *
Part 2: Current Struggles at UNC:

Consider whether each statement about your past and current performance is true or not.

I have trouble finding a balance between academics and social activities. *

True

Not true

I do well in most classes but continually struggle in one subject area or type of class. *

True

Not true

I am working long hours, but grades don’t reflect the effort and time expended. *

True

Not true

I struggle with managing time, assignments and daily chores etc. *

True

Not true

I have difficulty focusing in class lectures. *

True

Not true

I have difficulty completing exams successfully in the allotted time. *

True

Not true

I feel higher than average levels of stress, depression or anxiety, and may have already sought help for a behavioral or mental health issue at UNC. *

True

Not true

I have chronic problems paying attention, sitting still, focusing, thinking before acting, managing time and task, organizational skills.
I received informal accommodations (extensions for reports, papers, extended time for exams) or rely on UNC supports for success (e.g. tutoring, Learning Center or Writing Center services). *

Teachers, friends and/or family have wondered whether I might have LD and/or ADHD. *

Consider whether each statement about your past and current performance is true or not.

I have family members diagnosed with LD and/or ADHD. *

Part 3 - Other

Part 4 - You must write a minimum of 100 words for this section; submissions not meeting this minimum requirement will be returned.

Paying attention to lectures > Comprehending lectures > Note-taking > Test-taking. *

Part 5 - You must write a minimum of 100 words for this section; submissions not meeting this minimum requirement will be returned.

Studying > Time-management > Organization > Daily Living. *

Part 6 - You must write a minimum of 100 words for this section; submissions not meeting this minimum requirement will be returned.

Describe current difficulties you are experiencing in your life at UNC while in-class. Be specific and consider the following: > Paying attention to lectures > Comprehending lectures > Note-taking > Test-taking. *

Describe current difficulties you are experiencing in your life at UNC while outside of class. Be specific and consider the following: > Studying > Time-management > Organization > Daily Living. *

Describe any strategies you have tried or used to address your struggles, and what you think would help you improve. If you have used accommodations in the past, whether formal or informal, please explain what they were and their impact. *
